

AFRICA PARTNERS

Working together to advance the Gospel

August 1, 2016

To our friends and supporters,

It was a long time coming, but it finally arrived. The Safari Five Conference was held at Glen Eyrie in Colorado Springs in June. We hosted a great group of people, about one third of those attending had traveled from Africa. What a privilege to bring together world class speakers and world class people. This combination will fuel ministry initiatives for the next several years.

Comments from attendees:

- The relationships and personal conversations were excellent!
- I was challenged and convicted to hear of the opposition to the gospel in Africa.
- The topics these past three days have been bang on.
- Thank you for all the hard work in organizing the conference so efficiently.
- Incredible conference: topics, organization, execution.

Planning and follow up for Safari Five has kept me in the U.S. thus far in 2016. This set the stage for a flurry of travel in the coming months:

Oct 4-19	Kenya - Leadership meetings / Ethiopia - Assess future partnerships
Feb 10-14	Kenya - Africa Business Forum II / Nigeria – Establish partnerships
Apr 11-23	Zambia - Men's Conference

Be Blessed.
