**Read about how many
new Churches
our church planters planted in 2015!**

Traditional Barbaig Woman teacher

Judy found a traditional Barbaig Tribe woman in the last course who picked up sewing like a duck takes to water!! So, Judy is going to be team teaching with her in upcoming courses, and in exchange Baskalina was given a sewing machine. We delivered it to her last week. She was thrilled, and so were her neighbors! Many people came to see this machine!

On your mark, get set, GO!

Joffery and his wife Joyce finished our training course in November 2015. The day after he got back home, he met with the Muslim village leaders, and showed them his Literacy

Teacher's certificate. They were excited, and now he has 30 students learning to read and write. Most of them are Muslims, and they are reading the Bible! They also started a nursery school with 16 children! They have nothing except Jesus, and they are doing incredible things for the Kingdom. He is a former Muslim who met Jesus one day! He has been thrown out of his family, but he says that knowing Jesus is worth it all!!

Water!!

The house that we have rented for about 8 years, has always had a water problem. The landlord decided to do something about it, and brought a drilling rig. It was in our front yard digging for 2 months, but finally they hit good, clean water at 80 meters (262 ft).

What a day of rejoicing! We have water!!!

2015 Churches Planted!!

Our ministry is to empower Tanzanians to plant churches! They did well.

In 2015 they planted **18 new churches, and baptized 543 people.**

Remember, these are all in previously unreached places, and and the Church Planters average grade completed is 5th

grade. God is using them to expand His Kingdom. Thanks for your prayers and financial support!!!

Prayer concerns

We have been praying for an opening into the ***Nyamwezi Tribe***.

They are 1.4 million people, and a very unreached tribe. There are areas where you can travel 100 miles and not see a church of any kind. They are year round farmers, and can't get away for our 12 week training course.

So, we are taking our course to them. There are Christians in the towns, and we will equip and empower them to plant churches in the rural unreached areas. This course will begin on March 7, 2016. They will meet for two weeks at a time, every other month.

We are expecting 10 couples to come to the first training!! I will be there to welcome them to our training course. Thank you Lord!
